Don't Get Married Until You Get Stable in Your Life | A False Dilemma of our Society which bypasses the term "Tawakkul" while being a Muslim.

[Translated by me, you can read the real passage down below]

Do you know, just after hunger and thirst, the third most important need of an adult human being is sexual gratification. If children are becoming adults in twelve or thirteen years, but the marriages will not take place for 25 and 30 years.

They will, knowingly and unknowingly, become sexually ill and will be tilted towards sin. The purpose of putting a dupatta on the heads of your daughters will be fulfilled only when their marriage is on time.

Marriage is the way of human beings, animals can live without marriage. And that is what makes them responsible citizen in their society. Every unmarried young man and woman want each other, so arrange the marriage of your adult children as soon as possible.

It is NOT good to keep young girls in madrassas, however, their basic need is marriage.

ALLAH Almighty has made marriage the easiest of all social deeds and has the strictest promises for adultery. Marriage protects a person's modesty until puberty

The unmarried man is like a "mad dog". Timely marriage is the right of the children. Delay in this makes the parents guilty

The only honourable solution to a man's sexual need is Nikkah and if there is NO Nikkah, then adultery will be common. This is a common understanding result. Extremely unfortunate, in some well-known madrassas as well as universities both adult girls and boys are getting knowledge but they willingly or unwillingly getting mixed but yet Parents do not care about marriage.

Parents should have mercy on their children and arrange their marriage on time The biggest and most important issue for young people is “sex life” and talking about it is considered flawed in our society. Parents who do not befriend their children or children who do not befriend their parents are constantly harming them.

Start a marriage movement with a member of the mosque. Make marriage easier if your society is dear. Otherwise, wait for the punishment.
